

OIL & GAS

INDUSTRY-SPECIFIC PROTECTION SOLUTIONS

QUICK REFERENCE GUIDE

Ansell

GLOBAL SALES, PRODUCTS AND SUPPLY CHAIN INFRASTRUCTURE

DEDICATED TO SAFETY

Ansell has been protecting workers for over 100 years. We have specialized teams across 10 industries dedicated to developing solutions for the hazards and applications that workers face every day.

Ansell is dedicated to safety: We provide a comprehensive range of gloves and body protection solutions to cover worker needs across the oil and gas industry.

OUR LATEST INNOVATIONS

ActivArmr® 97-120

Impact and Oil Protection Combined

Technology

ANSELL GRIP™
Ansell Grip Technology

RIPEL™
Liquid Repellence Technology

INTERCEPT™
Cut Resistance Technology

ANSI 4

ABRASION

ANSI 2

CUT

Applications:

Drilling/Wireline Services/Casing/
Coil tubing/Pressure pumping/
Well services/Assembly and
fabrication

Sizes: 6-11

NEW

Key Features

High visibility
Ideal for hand signalling

Impact protection
Ideal for heavy tool
handling reducing
back-of-hand injuries

Enhanced oil grip
Reduces slipping while handling
tools and heavy equipment

HyFlex® 11-735

New Cut Resistance & Increased
Dexterity Combined for Workers

Technology

INTERCEPT™
Cut Resistance Technology

Performance Ratings

4543

ANSI 6

ABRASION

ANSI 4

CUT

Applications:

Infrastructure construction/Manual
handling/Processing with high cut-
risk profiles

Sizes: 6-11

NEW

Key Features

Breathable liner
Ideal for warm climates
both inshore and offshore

High cut protection
Enhanced protection for handling
sharp metals used in the oil field

Soft liner
All-shift wear

ANSELL OIL & GAS INDUSTRY PROCESSES

1

DRILLING

2

WIRELINE SERVICES

Applications:

- Engagement and releasing of drillstring slips
- Chaining up pipes
- Installation and dismantling of rigs

User needs:

- Impact protection
- Oil protection
- Heavy tool handling

Applications:

- Make and break tools
- Running tools into the wellbore
- Handling explosives

User needs:

- Cut resistance
- Impact protection
- Flexibility and grip

NEW

ActivArmz[®]
97-120

Benefits & Features:

- Increased visibility
- Impact protection
- Enhanced oil grip

NEW

HyFlex[®] 11-735

Benefits & Features:

- Appropriate for warm climates
- Suitable fit for handling sharp metal
- Enhanced grip

NEW

ActivArmz[®]
97-210

Benefits & Features:

- Liquid impermeable for dry hands
- Improved grip

HyFlex[®] 11-840

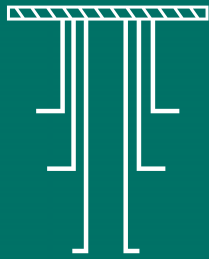

Benefits & Features:

- Enhanced dry grip for abrasion resistance
- Keeps hands cool and dry

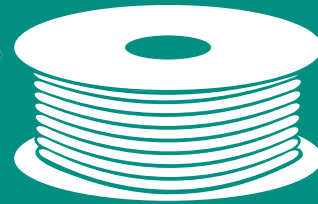

3

CASING

4

COILED TUBING

Applications:

- Assembly and disassembly of large pipes
- Engagement and releasing of drillstring slips
- Unloading and stacking pipes

User needs:

- Impact protection
- Abrasion protection
- Comfort

Applications:

- Preparation of site/set-up and disassembly of tool string
- Set-up of pressure manifold and tubing injector head
- General pumping work

User needs:

- Abrasion protection
- Oil protection
- Comfort

NEW

ActivArm®
97-120

Benefits & Features:

- Increased visibility
- Impact protection
- Enhanced oil grip

EN 388

PRODUCTION SERVICE**Applications:**

- Preparation of site/unloading of lines and valves
- Handling iron/rigging work
- Handling of tools

User needs:

- Chemical resistance
- Abrasion protection
- Flexibility and grip

Applications:

- Environmental clean-up and remediation
- Handling iron
- Valve/line maintenance and repair

User needs:

- Wet and dry oil grip
- Liquid protection
- High visibility

AlphaTec®
58-535B**Benefits & Features:**

- Reduced chemical leakage
- Enhanced dexterity for precision tasks

ABRASION

CUT

7 : SHOP AND LAB WORK

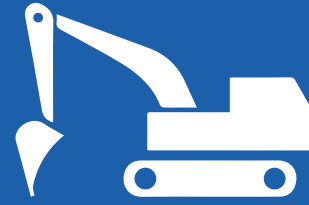

Applications:

- Drilling assembly and completion
- Handling jagged metal
- Mixing or loading chemicals

User needs:

- Chemical resistance
- Dexterity
- Flexibility and grip

8 : INFRASTRUCTURE CONSTRUCTION

Applications:

- Heavy machinery operation
- Equipment maintenance
- Pipe handling and installation

User needs:

- Wet and dry grip
- Comfort and dexterity
- Cut resistance

NEW

ActivArmz[®]
97-120

Benefits & Features:

- Increased visibility
- Impact protection
- Enhanced oil grip

NEW

HyFlex[®] 11-735

Benefits & Features:

- Appropriate for warm climates
- Suitable fit for handling sharp metal
- Enhanced grip

TouchNTuff[®]
92-500/
92-600/92-605

Benefits & Features:

- Resistant to a variety of industrial chemicals
- Strong grip in wet or dry conditions

92-605

92-600/605

NEW

Microchem[®] by
AlphaTec[™] 4000

Benefits & Features:

- Permeation tested against over 190 chemicals
- Textile-like inner improves comfort
- Dual zip and double-cuff systems

NEW
